Dear Hiring Manager,

It is with great pleasure that I recommend Gia David-Bartolome for a new graduate Registered Nurse position with your organization.

As a clinical instructor for California State University San Marcos School of Nursing, I had the privilege of teaching Gia during her Pediatric rotation at Rady Children's Hospital San Diego. From the first time I met her, Gia impressed me with her maturity and positive attitude. She is a kind and genuine person, with a soothing presence that puts her patients and their families at ease.

During our time together, Gia demonstrated a strong work ethic and motivation to learn, consistently seeking opportunities for growth. If she encountered a concept or skill with which she was not familiar, she investigated it, asking thoughtful questions and conducting research until she developed a solid understanding. Her spirit of inquiry and drive to learn will make her an excellent new graduate nurse.

Gia has such a positive presence and a fantastic ability to build therapeutic relationships with everyone she encounters. She is compassionate and empathetic. I particularly appreciate her receptiveness to feedback and how she consistently seeks opportunities to grow and improve. Her commitment to quality, combined with the experience she gained through the CSUSM ABSN program, make her an excellent candidate. I truly believe she will be an asset to any department and hope you will consider her for yours.

If you need more information, please do not hesitate to contact me via phone or email, 760-730-2830 or dkarr@csusm.edu.

Respectfully,
